Science – Materials

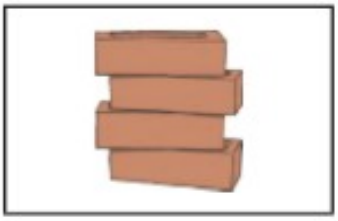

We have been looking at different types of materials around the school.

What materials can you find at home? Make a tally each time you spot something made of the following:

Wood	
Metal	
Fabric	
Plastic	
Glass	
Rubber	

What is the most common material in your home?

Describe the materials by finishing the sentences.

A brick is _____.

This plastic water bottle is _____.

My woollen hat is _____.

A raincoat is _____.

My friend's glasses are _____.

What material would you use to make these items?

Umbrella	
Hat	
Cup	
Toy Box	
Spoon	
Suitcase	
Slide	
Bed	

plastic metal wood glass

fabric rubber

RE - Light and Dark

During Easter time we learn about the Paschal Candle and the symbol of light for Christians.

The Paschal candle often has the sign of the cross on the front. There are five studs or 'nails' pressed into the candle where incense is embedded. These are supposed to represent the five wounds of Christ

The candle represents the eternal presence of Christ. The lighting of the flame is to help people remember that Jesus is the Light of the World and that before he came, the world was in spiritual darkness.

How does light make you feel?

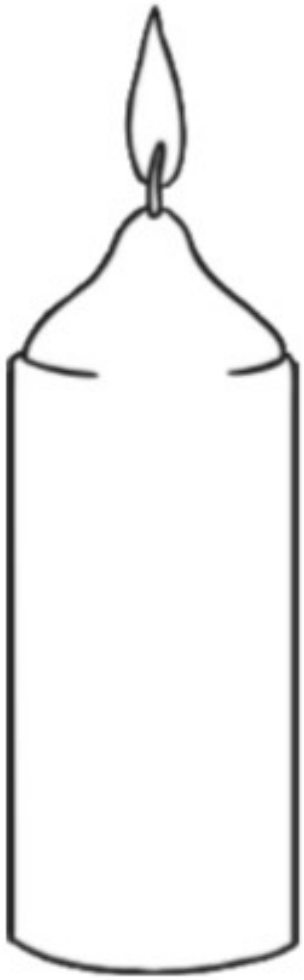

_____

How does the dark make you feel?

_____

Design a Paschal Candle

Design a Paschal candle. Remember to include all of the following symbols: a cross, the alpha and omega signs, the grains of incense and the current year. Label each part of the candle.

Geography - Label the countries that make up the United Kingdom

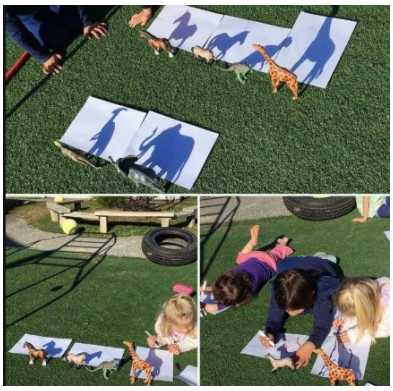

Can you name any towns or cities you have visited in the UK?

Art

Get creative when you are at home. Here are some ideas!

- Sketch shadows of your toys in the garden.

- Sketch your favourite toy.
- Create a repeating pattern

- Design a magical fairy tale creature
- Draw an animal pattern
