Year 1

Maths Home Learning Activities Pack

Summer Term

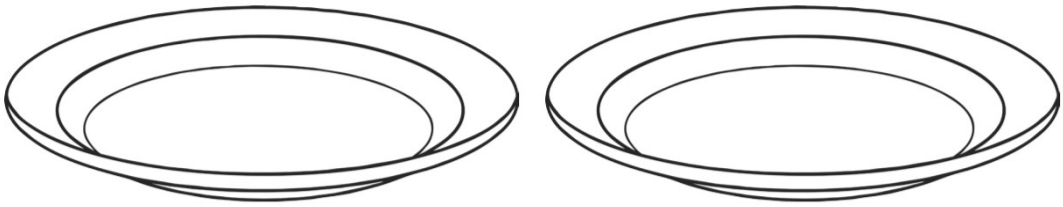

Week 2

27/4/20

I can share using concrete objects.

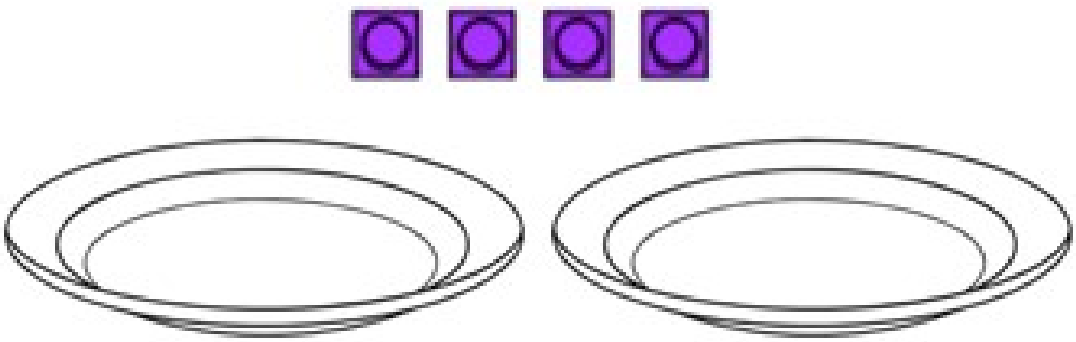

For this activity you will need

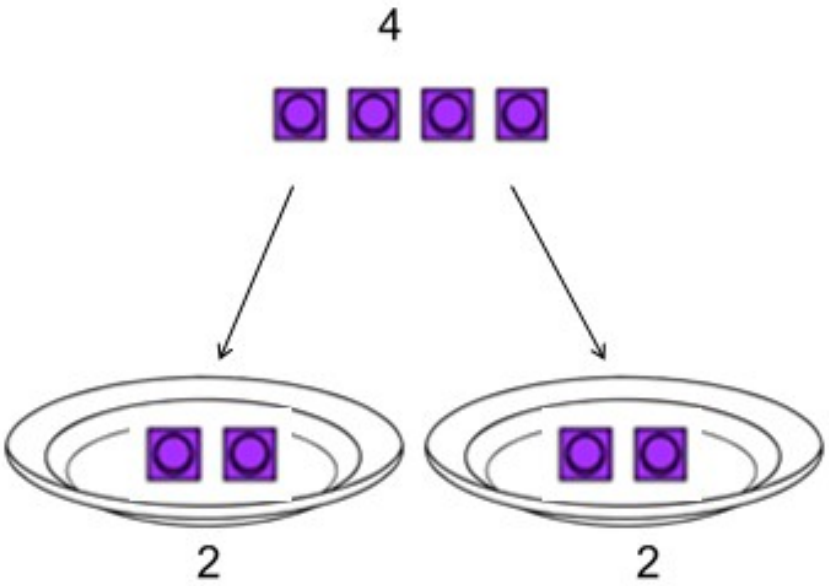

- 2 bowls or plates
- Lego bricks, beads, grapes, raisins, marbles or anything you can put in the bowls/ plates.

Practise - I have 4 bricks and I share them between my 2 plates

How can I share these equally between the two plates?

How many do I have on 1 plate?

Can you share the following numbers between your plates?

6, 8, 10, 11, 12 14, 16, 18, 19, 20

Can all of these numbers be shared equally?

Which numbers can't?

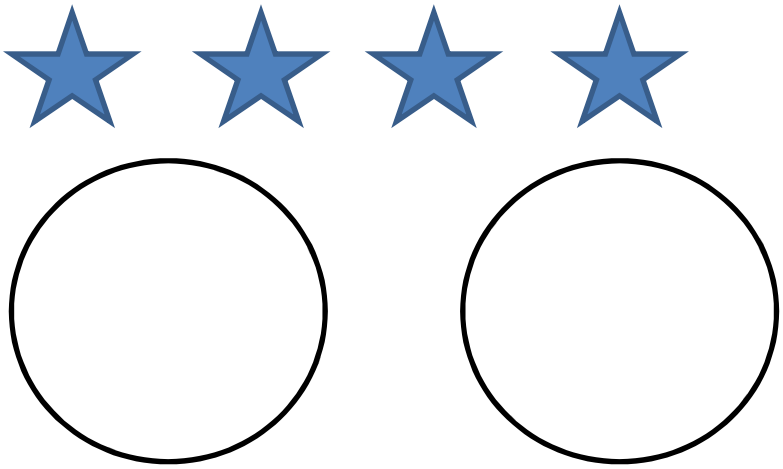

What do you notice?

I can share using the pictorial method

Today instead of using plates and bricks can you show your working out by drawing?

Practise

Can you share these 4 stars into the 2 circles

When we are sharing we use the ÷ sign.

★ ★ ★ ★ ÷ ○ ○ =

4 ÷ 2 =

You can practise using your plates and bricks first.

8 ÷ 2 =

12 ÷ 2 =

14 ÷ 2 =

6 ÷ 2 =

20 ÷ 2 =

16 ÷ 2 =

Challenge

12÷3=

18÷3=

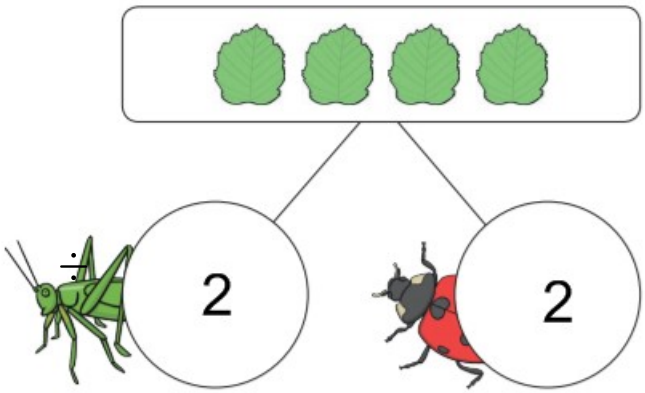

16÷4=

I can use the divide sign.

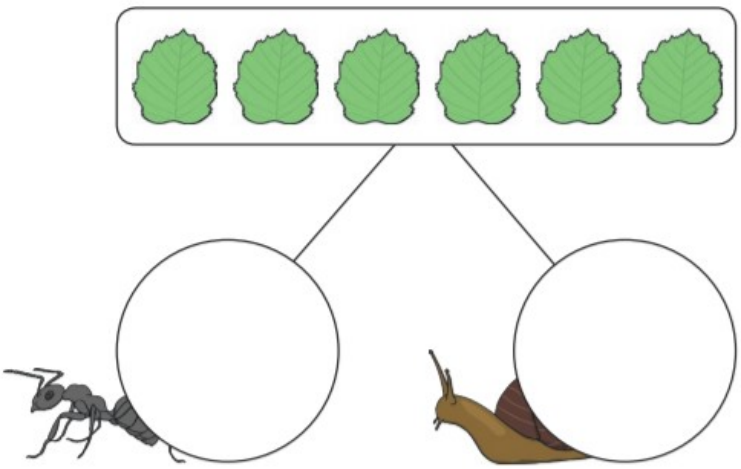

Can you write the number of leaves each mini beast gets?

You can practise with either your plates or draw this first.

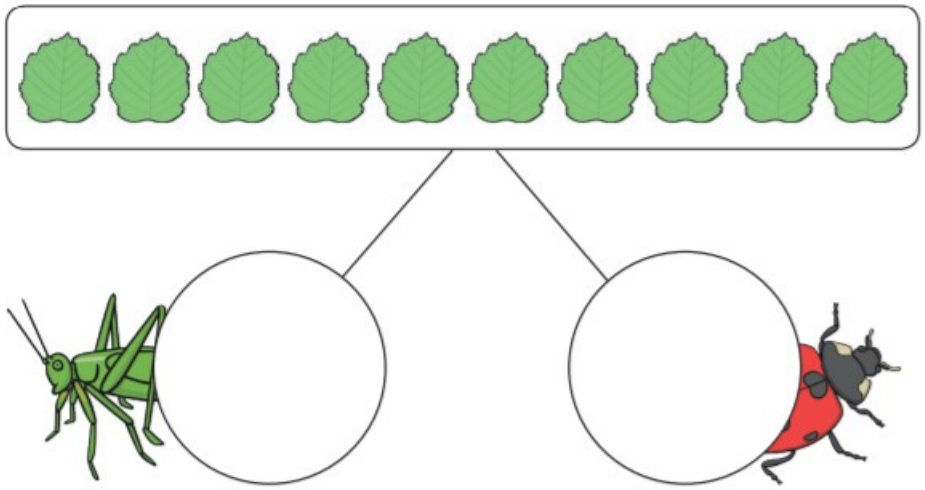

Can you write the number sentence as well?

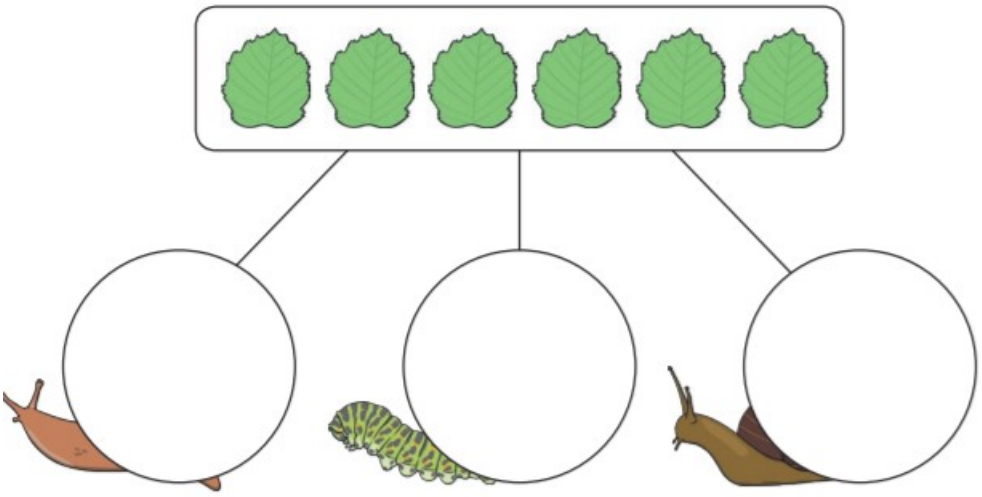

$4 \div 2 =$

$\square \div \square =$

□ ÷ □ =

□ ÷ □ =

Year 1 Spring 2 Maths Activity Mat 1

Section 1

Put a ring around the highest number and tick the lowest number.

13 7 18 14 9 8

Section 2

Add the coins together.

Section 3

Draw a three-sided shape.

Section 4

Rebecca eats three slices of cake. How many slices are left?

Section 5

7 x 2 =

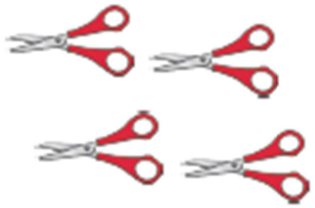

7 + 4 =

9 – 6 =

Section 6

Draw three more pairs of scissors.

How many are there altogether?
